

Issue:

Golf rates for 2018 need to be establish by the Board. Management plans to announce and launch on-line golf pass and pack product sales on Wednesday 3/28/2018. The Board has also established a goal for 2018 to reduce golf's loss and make more efficient, without materially reducing service levels.

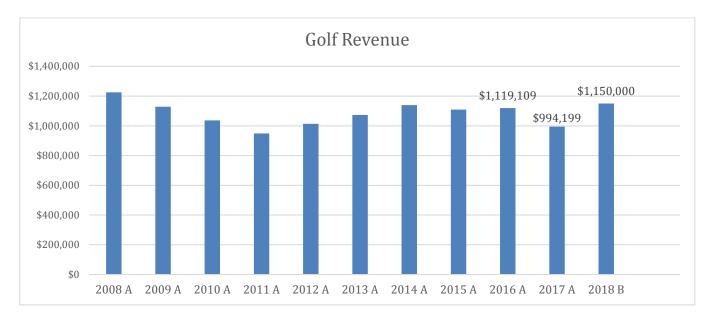

Background:

Golf Financial Overview:

	201	3 to 2017		2018
		5yr Avg		Budget
Revenue	1,0	000,88	1,1	50,000
Costs	1,2	245,000	1,2	48,000
NOR	(1	157,000)	((98,000)
Rounds per round		19,400		19,200
Revenue	\$	56.08	\$	59.90
Costs	\$	64.18	\$	65.00
NOR	\$	(8.09)	\$	(5.10)

NOR = Net Operating Results (operating revenues less operating costs). NOR does not have allocated overhead or a capital charge.

Gap of \$5 is on all golf revenue, not just greens fees

Golf revenue budget is \$156,000 or 16% greater than 2017 Actual (winter weather impacted). Golf revenue budget is \$76,000 or 7% greater than 3-year average (2015-2017). Golf revenue budget is \$62,000 or 6% greater than 5-year average (2013-2017).

Several committee and members reviewing the above revenue trends chart commented this stability in revenue is good, when considering the amount of competition golf courses in region and the flat to declining state of the golfing industry.

First a few comments regarding capital investment and the golf course. Tahoe Donner Association owns a well-established, high-quality course. Re-investment in one the association's most important amenity assets is important to the overall value to members, whether a golfer or not. The capital reserve study for existing assets of golf totals \$10.8 million, representing 21% of total reserve components value. The 2018 Budget for reserve expenditures at golf totals \$229,000, while the 2017 Budget was \$775,000 which included replacement of the golf cart fleet. Recently, the General Plan Committee has formed a special sub-committee to review near-term and long-term course remodel/enhancements prioritization. We envision the golf capital improvement (reinvestment) plan having a moderate impact on 2018 golf operations/conditions and a much larger impact on 2019.

For the 2018 season, targeting Friday May 25th opening (allowing as much course maintenance readiness as possible early season, yet opening for Memorial Day holiday). In Jun/Sep/Oct, on Tuesdays no tee times after 2:20 to allow for course maintenance. Sunday October 14th last day of season, allowing for course shut-down and improvement projects.

One of the Board's established 2018 goals for management relates to golf; specifically, to reduce the loss and make the operation more efficient, without materially reducing service levels.

On the <u>operating cost side</u>, the 2018 Budget of \$1,248,000 or \$65 per round is \$4,000 or 0% over the five-year average. So, zero percent growth to average, holding total costs despite the many cost pressures, particularly the increases in CA minimum wage, which has a ripple impact up the wage ranges. In 2018, management will continue to review throughout the golf operation for further opportunities to gain efficiencies and resulting operating cost reductions. However, the probability of material savings from efficiencies or some low hanging fruit cost reductions are currently deemed low by management.

The 2018 <u>revenue</u> budget included expectations of approximately \$41,000 in revenue growth (4% on total revenue) via price increases and \$7,000 in revenue growth via group golf business volume growth. The budget also includes a 1.7% growth in overall volume from 3yr average. Further, the budget 3yr average baseline had the 2017 Forecast at \$1,020,000, while actual was \$994,000 due primarily to the continued lack of momentum in fall 2017; creating a \$26,000 gap.

The 2018 rates schedule for Golf needs to be established to support the revenue budget expectation. The revenues are a product of Volume and Price, with variables for number of golf products and services, including greens fees, cart rental fees, retail merchandise, range tokens, and lessons. Further, there are a myriad of mix details within each of these two variables. Mix variables include time of season play, time of day play, day of week play, season pass and daily play, ancillary products (range, retail, cart rental) and Member/Guest/Public rounds mix.

For <u>volume</u>, the budget amount includes a volume assumption of 19,200 rounds, which was calculated by the 3-year average (2015/2016/2017F) plus 100 rounds for group golf growth impact. Incremental revenue associated with this group golf growth driver is \$7,000.

For <u>price</u>, the budget amount includes a price driver of 3.7% of total revenues or \$41,000. This amount equates to ~5.2% on greens fee revenues only.

Daily Greens Fees

Recommendation is to increase by \$5 or 8% to \$65 Member peak period rate from the \$60 Member peak period for 8 years, 2010-2017. This increase generates an estimated \$12,000 in incremental revenue assuming little to no price/demand elasticity.

Recommendation is to increase by \$5 or 7% to \$80 Guest peak period rate from the \$75 Guest peak period for 8 years, 2010-2017. This increase generates an estimated \$11,000 in incremental revenue assuming little to no price/demand elasticity.

Season Pass Prices

Green fee \$ yields per round for passes for 2015/2016/217 were as follows: Unlimited 31/31/27, Midweek Plus 24/26/32, and Afternoon 25/27/32. Yield trends were impacted in 2017 by the low pass sales and winter's impact on the season. For reference, an increase in pass prices by 3% generates \$4,000 in incremental revenue on same pass sales volume as 2017. **We recommend holding pass prices at 2017 rates for 2018**, in light of the course capital project impacts on these frequent golfers. On 2017 sales volume, an incremental ~13 passes or 10% more passes need to be sold to generate \$13,000 in incremental revenue. Passholders will receive similar incentive perks when purchased by 5/15 deadline (previously 4/30 deadline), which encourage passholders to bring a guest.

Tee Time Reservations

Through 2017, the tee time reservations policy has been 14 days for Members and 12 days for Public. A robust discussion was held regarding whether to reduce passholder's advance days to 5 to allow greater time frame for non-passholder play (higher yields) bookings prior to passholder play (lower yield) bookings. The consensus conclusion was to recommend eight(8) tee time slots (32 players/rounds) in total be blocked between the hours of 8:00am and Noon daily in peak months of July and August.

This change addresses the current yield management issue of our lowest yielding rounds (passholders) booking prime tee times at the same advance period as our higher yielding rounds (Daily Member, Guest, and Public). This change is estimated to improve overall revenue in the \$10,000 to \$15,000 range, providing a hedge on the holding pass prices flat.

Multi-Pack Prices

Recommendation is to hold these rates flat, effectively increasing customer value as compared to Pass and Daily rates.

Group Golf Rates

Recommendation is to hold rates flat in shoulder seasons, increasing peak period prime \$10 and peak period twilight \$5. Refer to Attachment B for details. This change generates an estimated incremental \$3,000. Group golf growth focus is on off peak June and September.

Marketing

Marketing priority efforts in pre-season will be on promoting golf pass and pack sales. In season, marketing efforts will focus primarily on driving June, September, and October play. In July and August, some effort with focus on afternoon play.

Management and Finance Committee's recommendation is generally to hold the majority of other rates flat with last season.

Other Changes MADE IN 2017 – Recommend Continue in 2018:

- 1. Midweek & Afternoon Passes for Memorial Day and Labor Day Holiday Periods, NO play on Sunday, YES play on Monday. For these two holiday weekends, the peak play volume is Saturday and Sunday. July 4th remains a restricted date for Midweek Plus & Afternoon passholders.
- Midweek Plus Pass special rate of \$40 Member, \$80 Public, passholders offered for play on Friday after Noon (pass valid in AM) play on Saturday play on Sunday morning before Noon (pass valid in PM)

Offer not available on the holiday periods noted in 1. above.

The above key changes (daily, pass and group changes noted above) equate to a price driver of \$39,000, which approaches the \$41,000 anticipated in Budget 2018.

Note, this does not tackle the '2018 goal' of improving on the loss at golf from a pricing perspective. Please note however, the Budget 2018 NOR Loss of \$98,000 is \$156,000 / 61% improvement to 2017 Actual and \$59,000 / 38% improvement to five year average.

Attachment A. Detail schedule of all golf fees historically and proposed for 2018

Attachment B. Group Golf Rates recommended for 2018

Attachment C. Detail schedule of golf season pass product sales C[Board version only]

Attachment D. Schedule of golf season pass deferred revenue earning dates

Attachment E. 2018 Golf Goal summary schedule and other charts

Attachment F. Competitor pricing information

Options:

- A. Resolve for Tahoe Donner Association to establish 2018 golf rates as discussed above and as indicated in product detail on Attachment A and B.
- B. Approve something other as directed by the Board.

Recommendation:

Option A

Prepared By: Michael R. Salmon, Director of Finance, 3/16/2018

Board Meeting Date: March 24, 2018

General Manager Approval to Place on the Agenda:

Peak Season, Twilight	\$104	\$104	\$ 99	\$ 94	\$109	\$ 104	\$ 99
Late Season, Prime Time	\$77	\$77	\$73	\$69	\$77	\$73	\$69
Late Season, Twilight	\$62	\$62	\$58	\$54	\$62	\$58	\$54

Member at Member Rate (green fee & shared cart) at date and time of play.

Guests at Guest Rate (green fee & shared cart) at date and time of play

Guests of 3 Maximum per playing Member, remainder at Public

Prices exclude Tournament Fee of \$2 per player. Group minimium is 12 players.

Contracts, terms and deposits apply to <u>all Group business</u>, including 1 payment tender. Above paragraph, only change starting in 2017, group size change from 10p to 12p minimum.

Group Golf Sales - \$80,000 Budget 2018; \$73,000 Actual 2015, \$84,000 Actual 2016, \$71,000 Actual 2017

Pricing rationale is designed to encourage shoulder season groups. For peak season, while taking group golf business, only a nominal discount is provided. Starting in 2017, pricing tiers based on group size. This rate recommendation was collaboarative developed with Director of Finance, Director of Operations, Group Sales Manager and Golf Shop Manager. The General Manager has reviewed and approved the recommendation.

For 2018, prices have been increased \$10 in Peak Season, Prime Time and increased \$5 in Peak Season, Twilight

Recommendation:

Approve 2018 group golf rates as presented in 2018 columns presented above

* 2017 Actual, unaudited as of 2/12/2018

No capital costs in the above financials/nor.

A Increase Revenue

volume increase price increase or combination of both

- volume already high, $\,$ Member/Pass TT preference, marketing and or capital costs

- perceptions 1800 x \$10 = \$18,000

- 2018 Budget already assumes \$41,000 price driver (+3.7% on Baseline Rev)

B Reduce Payroll Costs

Golf Shop/Player Services Golf Maintenance - have made good progress in this area in recent years

- CA Min Wage increases have compression impacts

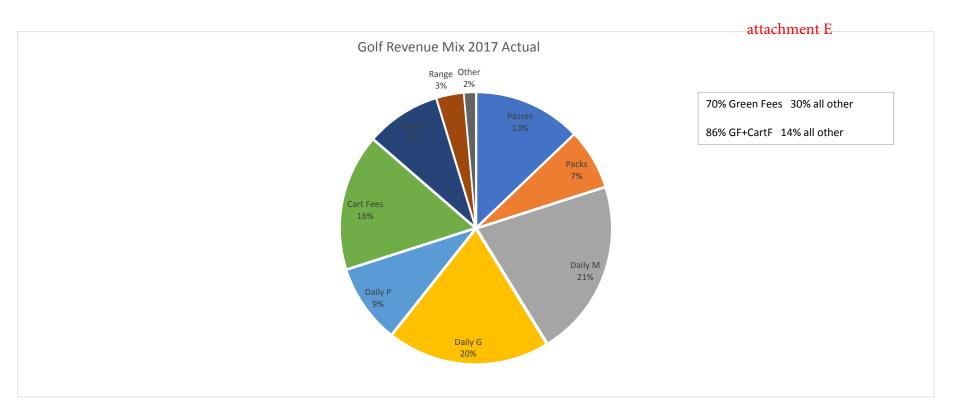

- labor market tigh with record low levels of unemployment - ability to measure efficiency of maintenance / service levels ?

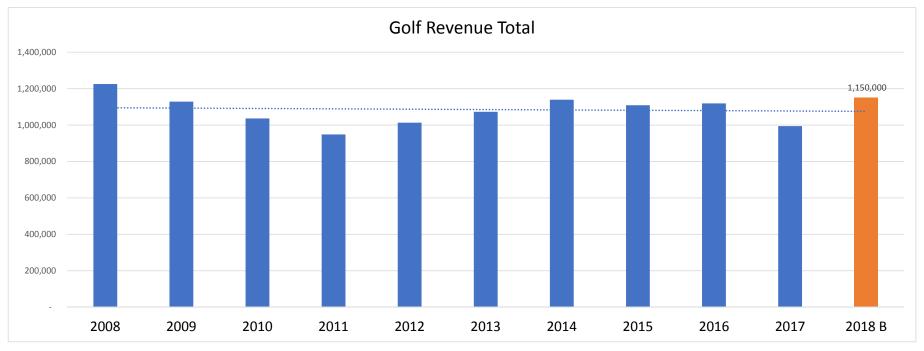

C Reduce Expenses

Golf Shop/Player Services Golf Maintenance - have made good progress in this area in recent years

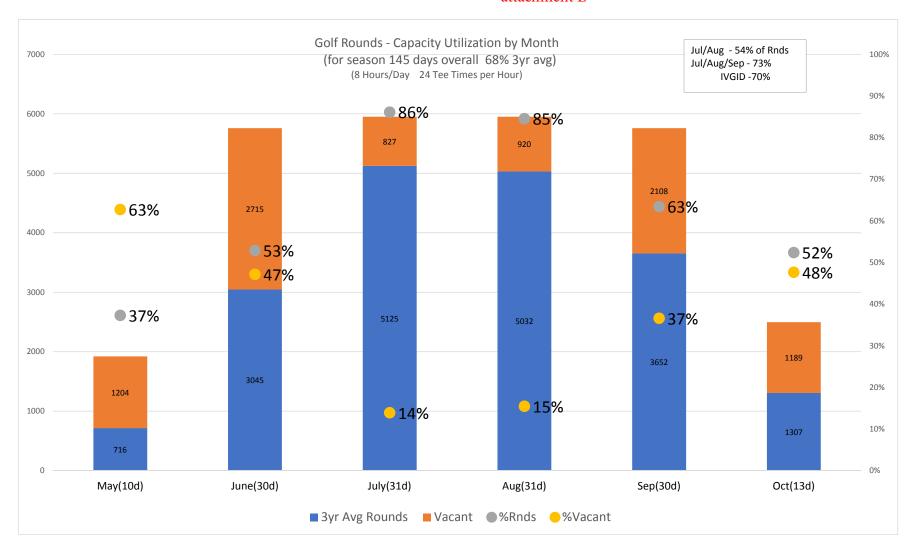

NOR - Net Operating Results

Payroll Burden - Payroll Taxes, WorkComp, HealthIns, 401k
