Term Key:

- Unique Pageviews: The number of sessions during which the specified page was viewed at least once. A unique pageview is counted for each *page URL + page Title* combination.
- Av. Time on Page: The average amount of time users spent viewing a specified page or screen, or set of pages or screens.

INFORMATION

- Entrances: The number of times visitors entered your site through a specified page or set of pages.
- Bounce Rate: The percentage of single-page visits (i.e. visits in which the person left your site from the entrance page without interacting with the page).
- Exit Rate: Is the (number of exits) / (number of pageviews) for the page or set of pages. It indicates how often users exit from that page or set of pages when they view the page(s).
