Monitoring and Responding:

On a daily basis, we search Tahoe Donner hash-tags and keywords across all social media handles, in addition to monitoring Google Alerts and Nextdoor.com discussion threads. The marketing team responds as appropriate across the following channels:

- Tahoe Donner website via featured blog posts and home page sliders
- E-Blasts as regularly scheduled and special circumstances like storm-related alerts
- In Nextdoor.com including links to helpful resources and more information
- Twitter, Facebook, Yelp as necessary
 - Direct messages to user accounts as warranted

We will report out accordingly if any emerging issues or discussion ensues.

INFORMATION

Term Key:

- Unique Pageviews: The number of sessions during which the specified page was viewed at least once. A unique pageview is counted for each *page URL + page Title* combination.
- Av. Time on Page: The average amount of time users spent viewing a specified page or screen, or set of pages or screens.
- Entrances: The number of times visitors entered your site through a specified page or set of pages.
- Bounce Rate: The percentage of single-page visits (i.e. visits in which the person left your site from the entrance page without interacting with the page).
- Exit Rate: Is the (number of exits) / (number of pageviews) for the page or set of pages. It indicates how often users exit from that page or set of pages when they view the page(s).
