Healing Flow Yoga:

This class blends breath awareness and specific alignment to calm and heal the mind and body.

Vinyasa Yoga:

The instructor will move you from one pose to the next through breath-synchronized movement, using a variety of postures to cultivate balance, flexibility, strength and endurance.

Yin Yoga:

Yin yoga stretches the connective tissues rather than conditioning the muscles. It is a perfect complement to the dynamic and muscular styles of yoga. Suitable for all levels.

Yoga for Structural Integrity (YSI):

Drawing from traditions of Iyengar, Asthanga, Kripalu, and Kundalini yoga, YSI practice utilizes asana (yoga postures), pranyama (breath work), movement integrations, and philosophical exploration to bring the practitioner to a greater awareness of his body, mind, and spirit.

Vin/Yin Yoga:

We start with a meditation or mindfulness technique to center ourselves and prepare for our practice. We move into basic yoga stretches which will gradually move into Vinyasa flows, working on strength and flexibility. We will be focusing on our mind/body connection with our breath in these flows. The focus of those flows will guide us toward the second half of the class which will be Yin poses. In practicing Yin, we will use our meditation techniques to maintain a position for a minimum of three minutes in order to lengthen not only our muscles but our connective tissues. This has been shown to enhance our ability to maintain flexibility and the movement of our fluids to prevent injuries. We close the class with a meditation or mindfulness technique.

rEVOLVE:

A flowing, heart filled yoga practice blended with heart-healthy cardio dance fitness, in a joyful community setting. Come and breathe deeply, stretch, dance, play, express, connect, sweat and celebrate.

H.I.I.T. (High Intensity Interval Training):

This is a **30-minute** non-stop, powerhouse workout that is guaranteed to burn calories and get your heart pumping. H.I.I.T. will include cardio intervals using the jump training, sculpting and floor drills. Kick up your metabolism, strengthen core and experience explosive power!

Cardio Kick:

A full body workout combining all elements of fitness. Start with 40 mins of calorie burning kickboxing and easily followed dance based cardio to boost energy, followed by a 20 min blast of muscle toning using weights and resistance training targeting upper body, abs and legs. Finish up with a stretch your muscles will be grateful for. No Experience needed!

Power Core Plus:

This class will focus on the core, using body weight and balance gear in conjunction with interval sessions. High intensity plyometrics and power work will increase heart rate. Exercises can be modified for all levels.

Strength & Core Conditioning:

This low impact class uses handheld weights combined with isometric exercises designed to tone and sculpt the body. Class may utilize weights, balance discs, gliding discs, medicine balls, and/or stability balls, combined with isometric exercises designed to tone and sculpt the body.

TRX® Training:

TRX Suspension Training® is a revolutionary total-body fitness program that uses gravity against the individual's own body weight to simultaneously develop strength, balance, flexibility, and core stability.

ZUMBA®:

The ZUMBA® program is a Latin-inspired, dance-fitness class that incorporates Latin and international music and dance movements, creating a dynamic, exciting, exhilarating and effective fitness class.

ZUMBA® with Strength Training:
