

## CIVIL CODE - ARTICLE 2. Modification of Separate Interest

### 4765.

(a) This section applies if the governing documents require association approval before a member may make a physical change to the member's separate interest or to the common area. In reviewing and approving or disapproving a proposed change, the association shall satisfy the following requirements:

(1) The association shall provide a fair, reasonable, and expeditious procedure for making its decision. The procedure shall be included in the association's governing documents. The procedure shall provide for prompt deadlines. The procedure shall state the maximum time for response to an application or a request for reconsideration by the board.

(2) A decision on a proposed change shall be made in **good faith** and may not be unreasonable, **arbitrary**, or capricious.

(3) Notwithstanding a contrary provision of the governing documents, a decision on a proposed change may not violate any governing provision of law, including, but not limited to, the Fair Employment and Housing Act (Part 2.8 (commencing with Section 12900) of Division 3 of Title 2 of the Government Code), or a building code or other applicable law governing land use or public safety.

(4) A decision on a proposed change shall be in writing. If a proposed change is disapproved, the written decision shall include both **an explanation of why the proposed change is disapproved** and a description of the procedure for reconsideration of the decision by the board.

(5) If a proposed change is disapproved, the applicant is entitled to reconsideration by the board, at an open meeting of the board. This paragraph does not require reconsideration of a decision that is made by the board or a body that has the same membership as the board, at a meeting that satisfies the requirements of Article 2 (commencing with Section 4900) of Chapter 6. Reconsideration by the board does not constitute dispute resolution within the meaning of Section 5905.

(b) Nothing in this section authorizes a physical change to the common area in a manner that is inconsistent with an association's governing documents, unless the change is required by law.

(c) An association shall annually provide its members with notice of any requirements for association approval of physical changes to property. The notice shall describe the types of changes that require association approval and shall include a copy of the procedure used to review and approve or disapprove a proposed change.
