NEIGHBOR NOTIFICATION - TROUT CREEK RECREATION CENTER - SNOWPLAY

Re: Unit 02 Lot 234 – 13247 Falcon Pt Place

Robert and Anne Naragon
234 N. Second St.,
Campbell, CA 95008-2024

Dear Tahoe Donner Property Owner:

Tahoe Donner Association is currently obtaining a **Use Permit Amendment** from the Town of Truckee to operate snowmaking equipment at the Trout Creek Recreation Center Snowplay area permanently. For the 2020/2021 winter season, the Town of Truckee has issued a temporary use permit for a 14-day snowmaking trial period. Snowmaking began on December 8, 2020, and will operate for 14 nonconsecutive days, weather dependent. Snowmaking during this trial period (and once install permanently) will typically occur at night when the weather conditions are suitable for snowmaking. Tahoe Donner will also be conducting a noise survey during temporary snowmaking operations to collect noise levels at nearby sensitive receptors. For more information on this project, visit tahoedonner.com/snowplay-snowmaking.

You are receiving this notice because your residence was identified as being within 500 feet of the Snowplay snowmaking equipment. If you have any questions regarding snowmaking at Snowplay, please email capitalprojects@tahoedonner.com.

Sincerely,

Jon Mitchell, PE

Director of Capital Projects
Tahoe Donner Association
