SKISLOPE FUEL BREAK PROJECT

BEFORE

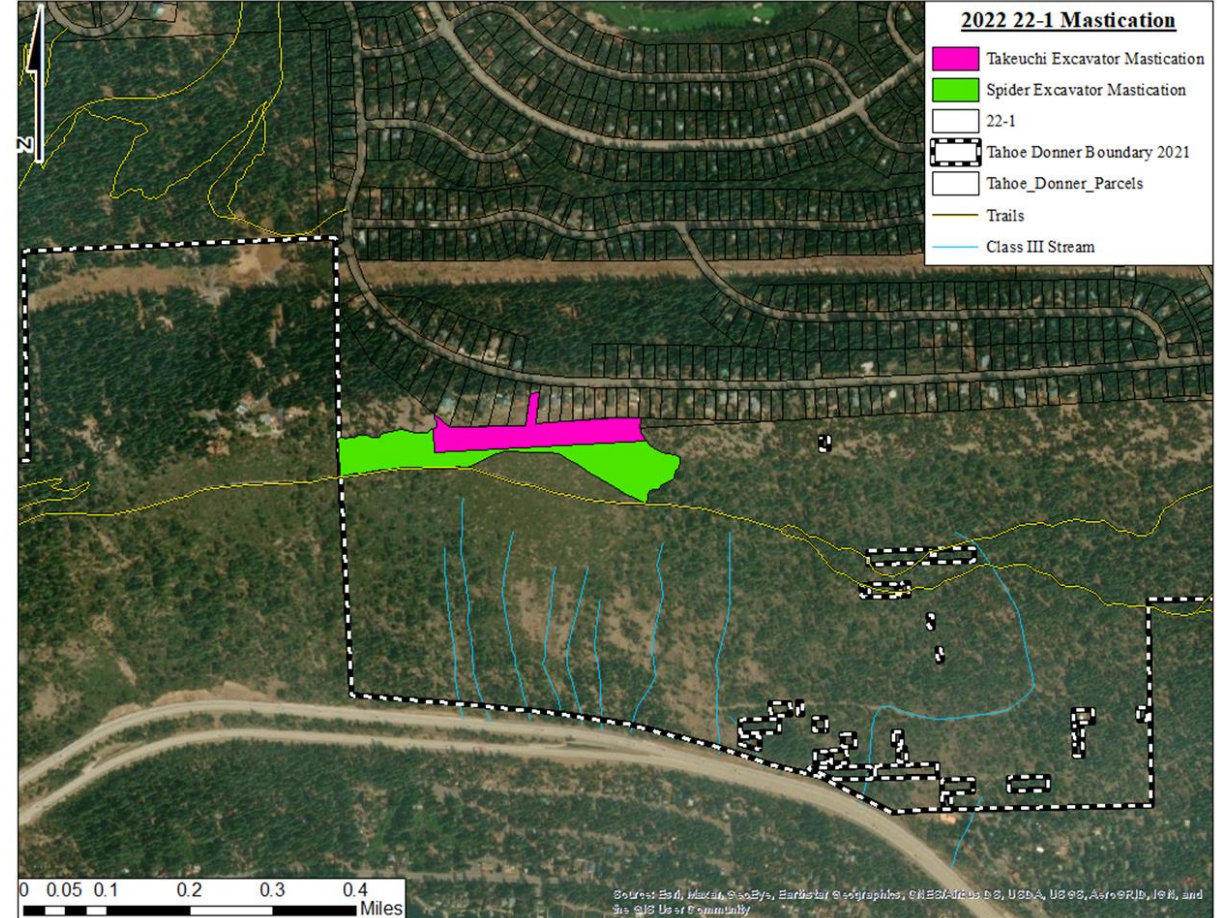

DURING

SKISLOPE FUEL BREAK PROJECT

Project Goals:

- Decrease potential flame length to homes on Skislope Way
- Decrease potential ember cast into neighborhoods farther north

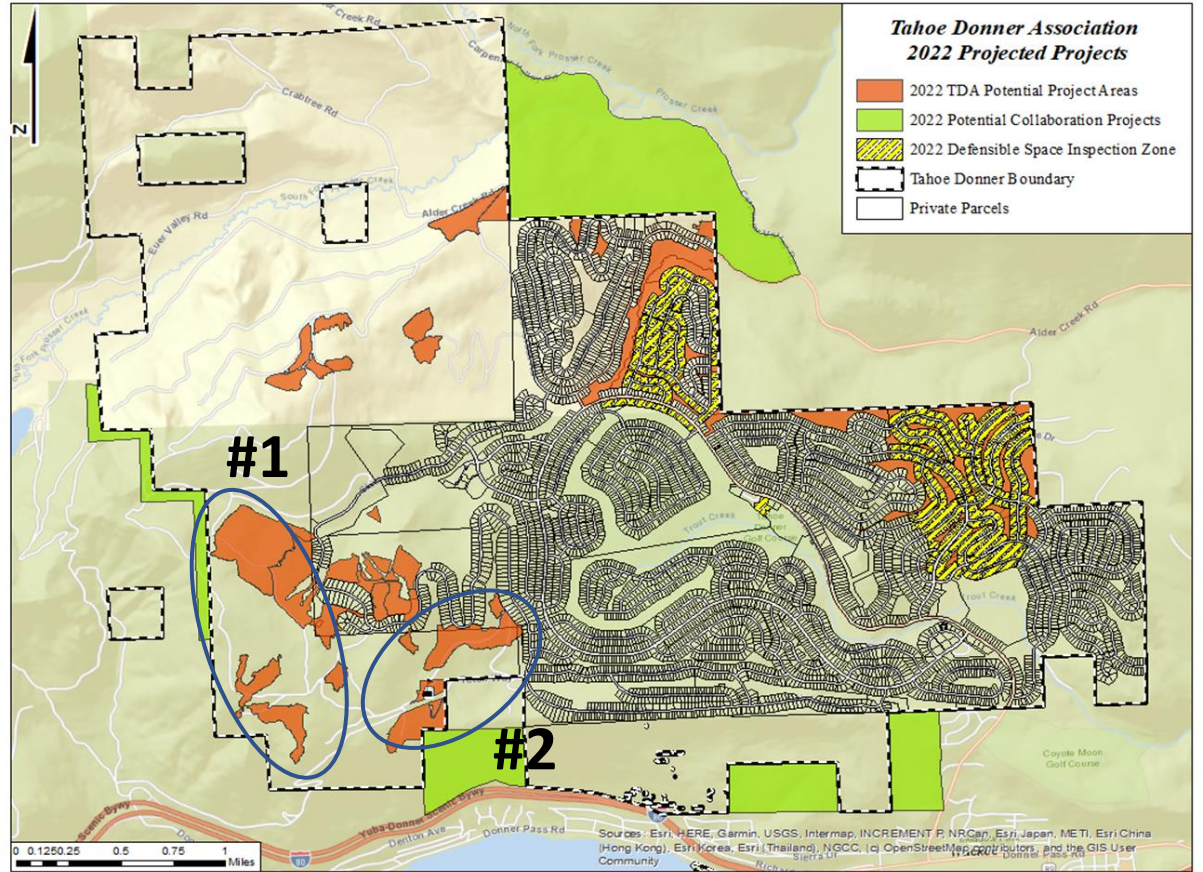

Timeline:

- Pink Zone complete
- Starting Bright Green Zone on steeper terrain

CAL FIRE GRANT PROJECTS

- Equipment staged on TDA property
 - Waiting for snow to melt
- Approximate start date of June 1

Two projects on southwest side of association

- Project 1: approximately 200 acres
- Project 2: approximately 130 acres

TREE PLANTING + REFORESTATION PARTNERSHIPS

TDA currently storing approximately 11,000 trees

- Use for association-specific projects
- Storing trees for the Sugar Pine Foundation, which will be used to reforest the Caldor and Tamarack fire scars

KEY UPCOMING DATES

- Skislope Project: Ongoing
- Alder Creek Adventure Center defensible space work: May 26 + 27
- Clubhouse defensible space work: early morning of May 30
- Neighborhood chipping program: starts June 1
- CAL FIRE grant projects: start first week of June
 - Area closures will be in place near Glacier Trailhead
