

TRAILS + OPEN SPACE MASTER PLAN SURVEY

May 27, 2022

TAHOE DONNERSM

PURPOSE

- The purpose of the Trails and Open Space Master Plan Update Project is to create a plan that affirms Tahoe Donner's commitment to land management, open spaces and trail systems while acknowledging evolving use patterns and the association's desire to offer a spectrum of family-friendly recreational opportunities for hikers, equestrians and mountain bikers.
- With community and stakeholder input, the new plan will highlight areas where Tahoe Donner can increase the quality of user experiences and provide project recommendations that demonstrate a return on investment for homeowners. The plan will offer strategies for prioritized implementation in future years.
