10 YEARS OF DEDICATED SERVICE

Brian Yohn

Assistant Director of Risk Management & Real Property

“Brian joined TDA 10 years ago as the Capital Projects Manager following extensive experience in ski resort risk management, high risk construction, and other project management and recreation positions. TDA quickly recognized Brian’s talents for excellent work in project management, and quality assurance and control when he managed complex capital projects such as the Forestry facility remodel and equestrian center changes. Additionally, Brian has been recognized for his teamwork and valuable skills outside of construction. In 2017 Brian was promoted to the Assistant Director of Risk and Real Property where his resort operations and risk management experience has help to continue efforts of providing a safe and enjoyable environment for employees, members, guests and public. Since the onset of COVID, Brian has been an integral leader in designing and executing on TDA’s COVID mitigation response and plan. This last 6 months Brian stepped up as the Interim Director of the departments and held his own during the period. We thank Brian for his dedication, loyalty and commitment to TDA over the years.”

- Annie Rosenfeld, Director of Administrative Services

**THANK YOU FOR YOUR
AMAZING SERVICE!**
