

TRAILS + OPEN SPACE MASTER PLAN SURVEY

March 25th, 2022

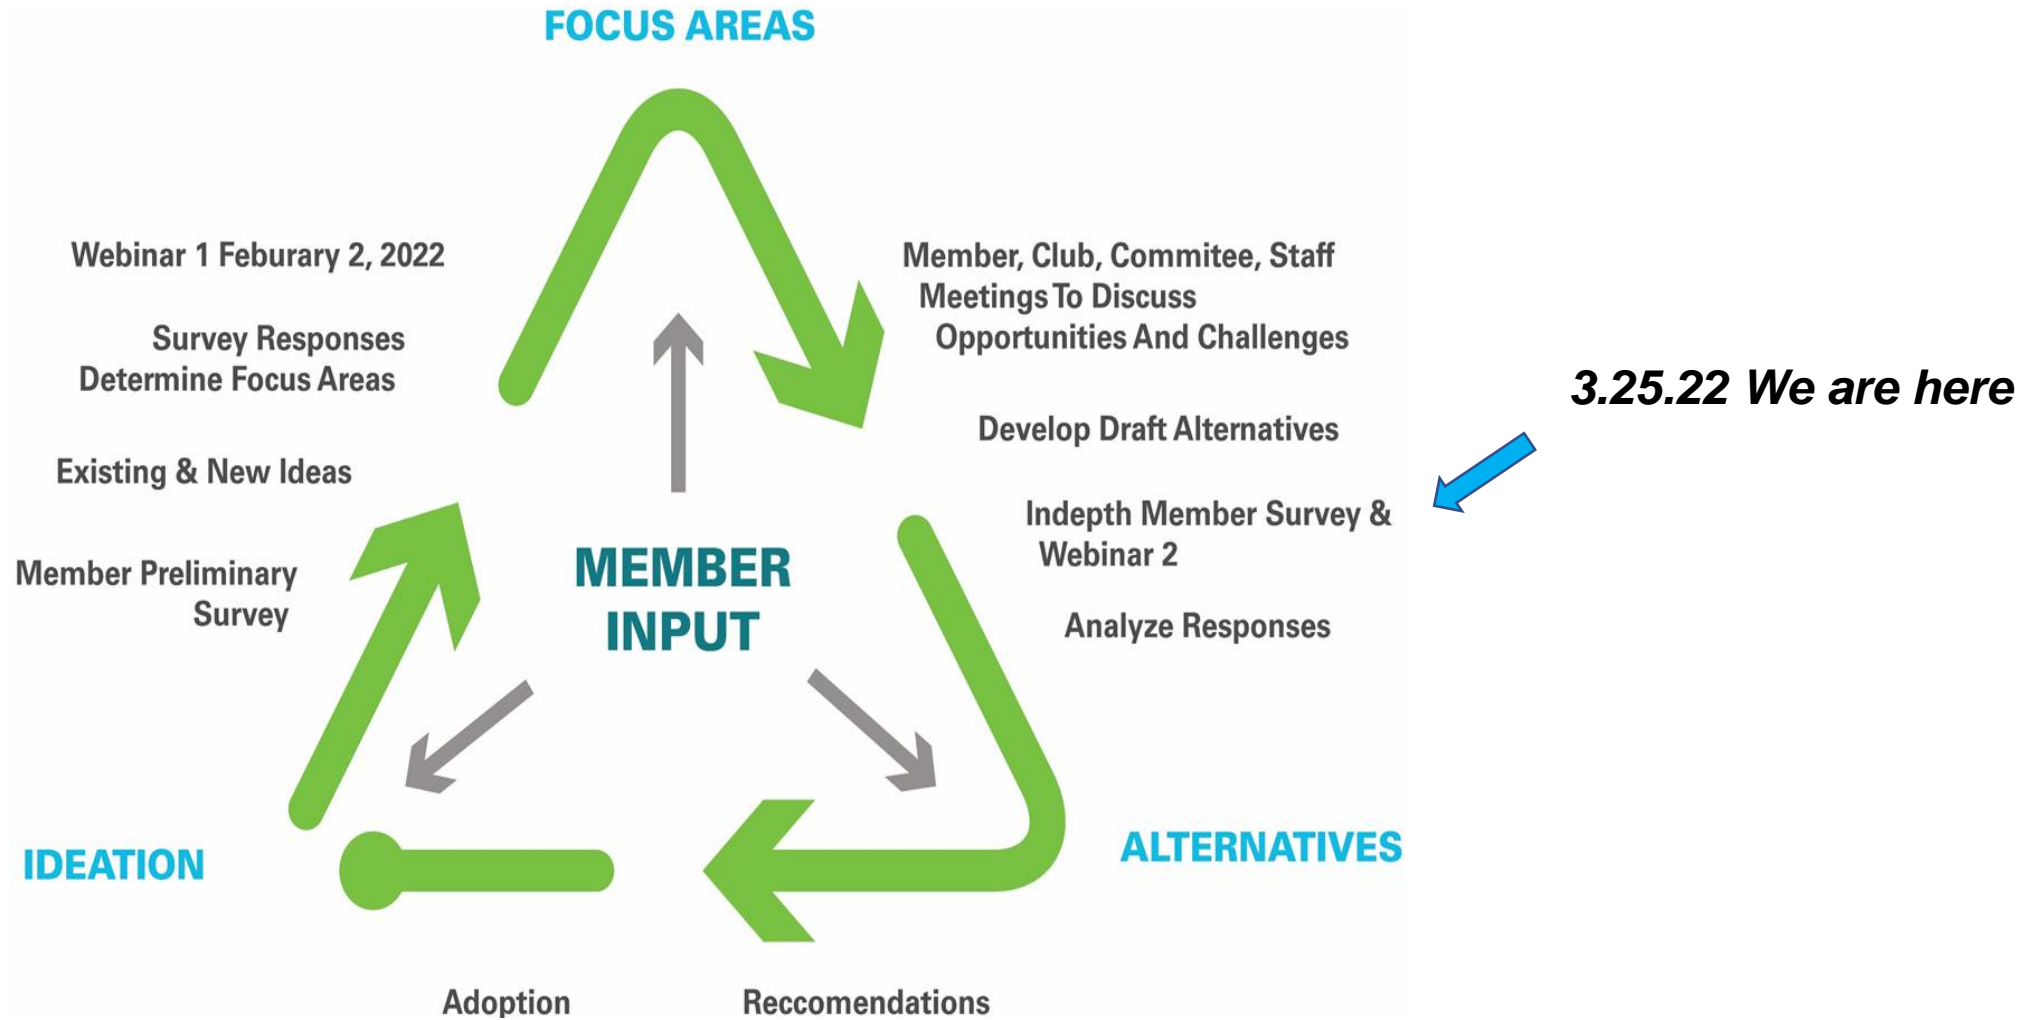

TAHOE DONNERSM

PURPOSE

- The purpose of the Trails and Open Space Master Plan Update Project is to create a plan that affirms Tahoe Donner's commitment to land management, open spaces and trail systems while acknowledging evolving use patterns and the association's desire to offer a spectrum of family-friendly recreational opportunities for hikers, equestrians and mountain bikers.
- With community and stakeholder input, the new plan will highlight areas where Tahoe Donner can increase the quality of user experiences and provide project recommendations that demonstrate a return on investment for homeowners. The plan will offer strategies for prioritized implementation in future years.

FEEDBACK**

In 2021, Tahoe Donner turned 50 years old. Help us plan for the next 50 years as the community updates our Trails and Open Space Master Plan, strengthening our commitment to a vibrant and sustainable mountain community for hikers, equestrians and mountain bikers.

Everyone is encouraged to take the preliminary survey to offer member, guest and public insight into this project. A more in-depth survey will come out later this season.

TAKE THE PRELIMINARY SURVEY

As this project progresses, this web hub will continue to be updated with information, ways to get involved and how to provide your input. To view timelines and key documents, click the infographic below.
