Please describe the qualities and experiences you bring that will help promote a diversity of perspectives on the committee.

I have been hiking on Tahoe Donner trails for 14 years and appreciate the beautiful environment that they traverse, as well as the healthy exercise they offer. I am a "super senior" so bring that perspective as well. I served on the earlier TOS committee and would like to contribute my experience and expertise to this one.

Are you a current or former member of any TOS subcommittees?

No

Please describe any stewardship and/or volunteer experience that may be relevant to the Trails and Open Space Committee's work.

I lead hikes for the TD hiking club and for the Truckee Donner Land Trust. I regularly ebike into town. I have chaired several boards in my professional life and am familiar with board membership responsibilities and procedures.

Please describe any experience you may have with land management and/or stewardship organizations inside or outside of Tahoe Donner.

I am active in the Truckee Donner Land Trust as a hiking docent and contributor. My husband is a board member. I am a long time member of the Sierra Club and the Nature Conservancy. In my youth I backpacked in the Sierras.

Is there anything else you would like to add that is not included in your Statement of Interest?

I hope to contribute a positive and useful perspective to the TOS.
