“Ben Gwerder is the kind of staff that any organization would be proud to have.

With 20 years of dedication, Ben works daily to improve the health of Tahoe Donners Forest and reduce the threat of wildfire. Much of Ben’s work is planning 50-100 years forward and future generations at Tahoe Donner will continue to see the results of his work. Ben has the respect of his peers at Tahoe Donner and across the region, his humble and friendly leadership style is a benefit to the department he manages and the broader membership”.

25 YEARS OF DEDICATED SERVICE

Robert McClendon *Ski Area Manager*

“Rob’s twenty-five years with Tahoe Donner Association has seen him everywhere from Beach Club Marina on Donner Lake to the Top of the Rock at Downhill Ski. However, simply stating Rob has been at Tahoe Donner for twenty-five years is an understatement to the job he does and his commitment to the Association. Whether leading his teams through some of the snowiest winters on record or lending a helping around the Association with his historical knowledge or hands-on approach and hard work, we are extraordinarily grateful to have him on our team. Thank you from all of us.”

- Jesse Strzok, Assistant Director of Operations
