Tahoe Donner Home Owners Association Michael Kane Club House upstairs system replacement

Project
Club House upstairs...

Description	Qty	Rate	Total
Martis Valley Mechanical will remove the old Carrier furnace, coil, and outdoor unit and replace them with a new Day & Night 100,000 BTU 95% furnace, new 410a AC coil, and 14.3 SEER out door AC unit. We will flush out the existing copper lines, also remove the non working humidifier, all the bypass duct work and reconfigure the supply duct work to get better air flow.		18,740.00	18,740.00
Phone # (530) 582-4699 info@martisvalleymechnical.com		Total	\$18,740.00
