15 YEARS OF DEDICATED SERVICE

Dave Walker

Ski School & Bikeworks Manager

“Dave has been integral part of the Downhill Ski Operation for the past 15 years, developing a strong passionate ski school for Tahoe Donner to be the best place to begin. The program has seen tremendous growth under his oversight. As the manager of the Bikeworks during the summer months, he is consistently providing great bike and trail advice to the membership while running an operation that gets bike repair turned around faster than any shop in town.”

- Miguel Sloane, Director of Operations
